

Rania Maamer – DATA ANALYST

Tunis, Tunisia | raniamaaamer@gmail.com | +216 26067227 | LinkedIn | GitHub | Portfolio

EDUCATION

BACHELOR'S DEGREE IN BUSINESS INTELLIGENCE (BI)

Faculty Of Economics and Management Sciences of Tunis (FSEGT)

SEP 2021 – MAY 2024

Tunis, Tunisia

PROFESSIONAL MASTER'S IN INFORMATION ENGINEERING AND DATA SCIENCE

Faculty Of Economics and Management Sciences of Tunis (FSEGT)

SEP 2024 – JUL 2026

Tunis, Tunisia

PROFESSIONAL EXPERIENCE

INTERN - BUSINESS INTELLIGENCE

JAN – APR 2024

ATTIJARI LEASING

Tunis, Tunisia

- Developed a desktop application by creating a login interface for users and administrators.
- Managed business queries and production reports defined by department heads.
- Created a forecasting dashboard for production monitoring, quality control, and financing strategy.

Technologies: C#, Power BI, SSMS, SSIS

Methodologies: SCRUM

INTERN – DATA & BI ENGINEER

FEV – JUN 2026

DXC TECHNOLOGY

Tunis, Tunisia

- Development of a decision-support Data Intelligence Dashboard for a multilingual contact center.
- Design of an ML forecasting module for contact volume estimation, integrated into a complete DevOps infrastructure.

Technologies: Python, Django, React.js, PostgreSQL, Docker, Jenkins, SonarQube, XGBoost, Prophet, Groq IA

Methodologies: CRISP-DM, SCRUM, DEVOPS

ACADEMIC PROJECTS

FACIAL RECOGNITION

- Facial recognition system integrating PCA, LDA, and CNN for accurate face identification.

Technologies: TensorFlow, OpenCV, Numpy, Scikit-learn, Streamlit

ANIMAL DISEASE EXTRACTION

- Automated scraping and analysis system for veterinary articles for multilingual epidemiological monitoring.

Technologies: Pandas, Numpy, Selenium, Ollama, BeautifulSoup, Dash, Plotly

SKILLS

- Langages:** Python, Java, R
- Web & Data:** React, NestJS, NextJS, Power BI, Matplotlib, Dash, ChartJS
- ML & Data Science:** NLP, Machine Learning, Deep Learning (PyTorch), SQL, NoSQL, MongoDB, Firebase
- DevOps & Tools:** Docker, Kubernetes, Terraform, Jenkins, Selenium, SonarQube, Git, GitHub, Jira, Click up

LANGUAGES

Arabe – Native | Anglais – fluent | Français – Fluent | Espagnol – Basic

ASSOCIATIVE EXPERIENCE

SECRETARY GENERAL (NEXUS IT CLUB - FSEGT)

OCT – JUN

- Developed students' skills in computer science and digital technologies.
- Organized a Git/GitHub workshop with Mrs. Asma Ayari.

CERTIFICATIONS

DATA VISUALIZATION WITH POWER BI

GREAT LEARNING – 2022

INTRODUCTION DE DEEP LEARNING AVEC PYTORCH

DATA CAMP – 2025

HACKATHON

MLFINHACK

FEV 2025

- Developed a machine learning model predicting the stock market index for the German market.

Technologies: Python, Jupyter, Pandas, Numpy, Scikit-learn, Matplotlib, XGBoost, Random Forest
